

Carinya 150 x 150mm Galvanised Heavy Duty Angle Bracket - Galvanised Steel 150 x 150mm

Product Code: HDAG1506

Description

Carinya 150 x 150mm Galvanised Heavy Duty Angle Bracket - Galvanised Steel 150 x 150mm is constructed from galvanised steel for secure assembly and reinforcement of various structures. It is engineered to provide reliable bracket support for fixed connections essential to fabrication and structural projects. The hot dipped galvanised finish enhances durability and performance across technical applications, offering clear assembly benefits and efficient support for industrial and trade professionals.

Features

- Robust galvanised steel design delivers reliable structural support
- Hot dipped galvanised finish improves corrosion resistance
- 150 x 150mm dimensions suit numerous mounting applications
- Angle bracket design supports secure structural joint connection
- Engineered for straightforward installation and secure fixing
- Heavy duty build provides enduring performance under load
- Precision fabrication delivers accurate alignment and load distribution
- Carinya quality ensures dependable long lasting installation support
