

Product Code: HDAG2506

Description

Carinya 250 x 250mm Galvanised Angle Bracket is manufactured from galvanised steel with a hot dipped galvanised finish, ensuring a robust construction component. It is designed for secure mounting in diverse structural assemblies, offering reliable support where a fixed right angle is required. Its straightforward design and technical precision benefit trade and industrial professionals by enabling predictable load distribution and facilitating accurate, efficient installations in various construction scenarios.

Features

- Fabricated from robust galvanised steel
- Hot dipped galvanised finish for excellent corrosion resistance
- Precise 250 x 250mm dimensions for secure installations
- Engineered for stable joint support
- Simple design ensures reliable mounting
- Supports various structural applications
- Bracket design promotes quick and secure installation
- Premium build quality supports demanding installations
