

Description

Carinya 300 x 300mm White Heavy Duty Scroll Stayed Bracket is a robust support component designed for precise and reliable load distribution. Constructed from powder coated steel and finished in white, it offers a secure solution for various construction and trade projects. Its scroll design ensures even weight distribution and a stable fix, meeting the demanding needs of professional applications with consistent performance and technical integrity.

Features

- Precision engineered powder coated steel for lasting performance
- Designed for easy integration with existing assemblies
- White finish matches modern architectural aesthetics well
- Scroll design adds visual appeal and strength
- Oversized bracket measures 300 x 300mm for consistent compatibility
- Built using premium powder coated steel for durability
- Engineered for straightforward installation in construction projects
- Carinya quality ensures reliable performance and robust structure
