

Description

Easyroll 125mm Nylon I3 Series Castors 250kg 1PC is engineered with a nylon wheel core and housing complemented by steel bearing components. It uses a single raceway ball bearing design and plate swivel attachments to facilitate smooth movement on both indoor and outdoor surfaces. The white finish and standard plate fitting ensure consistent performance and durability, making these castors a practical solution for maintenance and repair applications in professional trade environments.

Features

- White finish combined with durable nylon wheel construction
- Steel housing provides robust structural support during movement
- Ball bearing system enables smooth and controlled rotation
- Single raceway design minimises friction for extended lifespan
- Plate swivel attachment ensures simple mounting on standard plates
- Engineered nylon components reduce maintenance and ensure stable performance
- Designed to support up to 250kg load during operation
- Suitable for both outdoor and indoor active use

Product Code: I32AZ48K125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Raceway Type	Single
Attachments	Plate Swivel

Appearance

Product Colour	White
----------------	-------

Construction

Wheel Core Material	Nylon
Wheel Material	Nylon
Housing Material	Steel
Bearing Material	Steel

Weights

Product Weight (grams)	1114
Product Weight (kg)	1.114
Load Capacity kg	250.0

Dimensions

Product Length mm	155
Product Width mm	86
Product Height mm	158
Wheel Diameter	125
Tread Width mm	35
Swivel Radius mm	102.5
Mounting Hole Dimensions mm	11x9
Hole Centre Dimensions mm	80x60
Plate Dimensions mm	105x86
