

Product Code: I41A00G80

Specifications

Outdoor Use	Yes
Indoor Use	No
Bearing Type	Plain Bearing
Raceway Type	Single
Fitting Type	Bolt Hole

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Thermoplastic Rubber
Housing Material	Steel
Bearing Material	Stainless Steel

Description

Easyroll 80mm Bolt Hole I4 Series Castor 80kg is a castor designed to support efficient material handling. Its steel housing, polypropylene wheel core and thermoplastic rubber wheel provide a robust build with stainless steel plain bearings for smooth performance. The bolt hole fitting design ensures straightforward installation and maintenance while optimising mobility in transport and operational settings. Trade professionals benefit from its precise engineering and reliable technical performance.

Features

- Steel housing ensures robust structural support
- Polypropylene wheel core improves load stability
- Thermoplastic rubber wheel reduces surface wear
- Stainless steel plain bearing delivers smooth rotation
- Single raceway design lowers friction during operation
- Bolt hole fitting enables secure and precise installation
- Sleek black and silver finish enhances equipment appearance
- 80kg load capacity supports reliable equipment movement

Dimensions

Product Length mm	110
Product Width mm	59
Product Height mm	104
Wheel Diameter	80
Tread Width mm	30
Finish Height mm	104
Mounting Size (G) mm	M12
