Easyroll 150mm Urethane Cast Iron Fixed Plate J2 Series Castor 410kg

Product Code: J23AZ85K150

Description

Easyroll 150mm Urethane Cast Iron Fixed Plate J2 Series Castor 410kg is engineered for reliable mobility and controlled movement across varied work settings. Its steel housing and robust single raceway ball bearing assembly combine with polyurethane wheels over cast iron to offer efficient load distribution. The plate mount fitting ensures secure attachment, while the overall design optimises performance for trade professionals seeking practical and durable transport solutions.

Features

- Durable steel housing offers robust structural support
- Polyurethane wheels with cast iron provide smooth rolling
- High quality carbon steel ball bearings ensure precise movement
- Plate mount design simplifies secure and efficient installation
- Rigid plate attachment adds stability and precise positioning
- Single raceway construction enhances overall manoeuvrability
- Engineered for smooth rolling over varied surfaces
- Red, black and silver finish adds a sleek appearance

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Ball Bearing
Attachments	Plate Rigid

Appearance

Product Colour	Red/Black/Silver

Construction

Wheel Core Material	Steel
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Carbon Steel

Weights

Product Weight (grams)	2650
Load Capacity kg	410.0

Dimensions

Product Length mm	150
Product Width mm	100
Product Height mm	140
Wheel Diameter	150
Tread Width mm	49
Plate Dimensions mm	115x100
