

Description

COLSON offers J3 Series Castors featuring robust steel housing and an integrated mounting plate for secure installation. These castors facilitate smooth manoeuvring of equipment in commercial settings with precision and engineered stability. Designed for trade professionals, they deliver enhanced durability and efficient load movement while maintaining operational consistency. The practical construction provides a reliable solution in applications requiring minimal maintenance and dependable performance.

Features

- A robust steel housing for demanding castor applications
- Integrated mounting plate provides secure stable connection
- J3 Series design optimises performance and handling
- Precision engineered for smooth movement and tracking
- Constructed for durability and long service life
- Steel construction guarantees resistance to wear in heavy use
- Designed for ease of installation and maintenance
- COLSON quality ensures reliable performance and consistent handling

Product Code: J32AZ-MR6R100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	1912
Product Weight (kg)	1.912

Dimensions

Product Length mm	154
Product Width mm	110
Product Height mm	142
