

Description

COLSON delivers the J3 Series Castors featuring a robust steel housing and an integrated mounting plate. Designed for practical handling and manoeuvrability, these castors offer reliable performance, smooth movement and effective load distribution for professional applications. The steel construction supports dependable use and precision control, meeting the demands of trade professionals. Offering clear technical advantages, these castors are engineered to ensure stable and secure mobility in a variety of professional settings.

Features

- Robust steel housing ensures durability and long service life
- Genuine plate design simplifies secure installation
- Engineered for enhanced manoeuvrability in demanding tasks
- Precision engineering in J3 series components improves performance
- Designed with robust steel for strength and reliability
- Trusted COLSON brand supports proven quality in castors
- J3 Series castors engineered for precision and smooth operation
- Robust construction ensures dependable performance in varied applications

Product Code: J32AZ-MR6R125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	2103
Product Weight (kg)	2.103

Dimensions

Product Length mm	172
Product Width mm	110
Product Height mm	164
