

Description

COLSON introduces the J3 Series Castors. These castors combine a durable steel housing with an integrated plate, providing reliable movement and stability for equipment handling in maintenance and trade applications. Designed for technical efficiency, they offer smooth manoeuvring and ease of control, meeting the reliable performance needs of professional environments. The precise construction ensures consistent operational ease and long-term usability across a range of practical settings.

Features

- Steel housing ensures lasting durability
- True plate design provides secure installation
- Engineered for precise rolling and manoeuvrability
- Robust construction supports reliable performance
- Designed by COLSON for dependable operational use
- Enhanced load-bearing capacity for practical applications
- Smooth directional control with caster mechanism
- Minimal maintenance requirement enhances operational efficiency

Product Code: J32AZ-MR6R200

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	2763
Product Weight (kg)	2.763

Dimensions

Product Length mm	230
Product Width mm	110
Product Height mm	240
