

Description

Colson 200mm Cast Iron Swivel Plate Brake J3 Series Castor 450kg is a robust caster engineered for efficient manoeuvring and load distribution. It features a cast iron wheel, a steel housing and a roller bearing with a double raceway, which combine to offer consistent performance and durability under high loads. This product provides technical advantages for trade professionals who require dependable movement and stability in various specialised transport applications.

Features

- Durable cast iron wheels support dependable load handling
- Steel housing and bearing materials enhance product longevity
- Roller bearing design reduces friction for smoother movement
- Double raceway configuration improves load distribution
- Accurate castor plate design ensures reliable swivel rotation
- Distinct black and silver finish provides professional visual appeal
- J3 Series engineering supports efficient movement and control
- Robust construction withstands daily operational demands

Product Code: J32TZ-IR2R200

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Roller Bearing
Raceway Type	Double
Brake Type	Total Lock
Attachments	Swivel Plate

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Material	Cast Iron
Housing Material	Steel
Bearing Material	Steel

Weights

Product Weight (grams)	5893
Product Weight (kg)	5.893
Load Capacity kg	450.0

Dimensions

Product Length mm	261
Product Width mm	110
Product Height mm	240
Wheel Diameter	200
Tread Width mm	51
Swivel Radius mm	193
Mounting Hole Dimensions mm	17x11
Hole Centre Dimensions mm	105X80
Plate Dimensions mm	135X110
