

Description

COLSON, the J3 Series Castors are engineered for efficient movement in equipment handling and trade applications. Constructed with a robust steel housing and a secure plate combined with a double raceway design, these castors offer reliable performance and smooth operational transitions. Their practical build provides precise mobility control and durability, supporting routine maintenance and operational tasks while ensuring optimal strength and straightforward functionality.

Features

- Engineered steel housing for enhanced durability
- True plate design increases stability on varied surfaces
- Double raceway improves manoeuvrability
- COLSON precision engineering assures reliable performance
- Simplified mounting enhances system assembly
- Caster assembly supports smooth movement
- Castor design promotes smooth manoeuvring across working surfaces
- Engineered for reliable movement under variable loads

Product Code: J32TZ-MR6R100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Brake Type	Total Lock
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	2348
Product Weight (kg)	2.348

Dimensions

Product Length mm	209
Product Width mm	110
Product Height mm	142
