

Description

COLSON. The J3 Series Castors feature a robust steel housing and a full plate, combined with a double raceway design that ensures steady and reliable movement. Engineered for precise handling and maximum durability, they offer efficient performance and simplify equipment mobility for trade professionals. Their construction optimises manoeuvrability and load handling, providing a practical solution for transporting goods in varied workspace settings.

Features

- Castors with sturdy steel housing for reliable support
- Double raceway design promotes smooth rotation
- True plate improves load distribution and stability
- Quality construction enhances durability and longevity
- Engineered for precision movement and operational control
- Steel components offer high strength under demanding loads
- Reliable performance under routine operational stresses
- Manufactured with practical design and technical precision

Product Code: J32TZ-MR6R125

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Brake Type	Total Lock
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	2539
Product Weight (kg)	2.539

Dimensions

Product Length mm	208
Product Width mm	110
Product Height mm	164
