

Description

COLSON J3 Series Castors offer a dependable mobility solution for trade professionals, combining a robust steel housing with a secure plate and a double raceway system for smooth, controlled motion. Designed to support efficient load handling and precise manoeuvrability, these castors are engineered with a focus on durability and technical performance. Their construction ensures reliable functionality in applications where measured movement and stability are essential.

Features

- Robust steel housing ensures strength and durability
- Integrated mounting plate enables straightforward installation
- Double raceway supports smooth and balanced movement
- Engineered structure delivers reliable roll performance
- Precision cast components enable accurate caster control
- Durable build withstands repetitive operational stresses
- High load capacity enhances performance under pressure
- Smooth caster design minimises friction during motion

Product Code: J32TZ-MR6R150

Specifications

|              |              |
|--------------|--------------|
| Outdoor Use  | Yes          |
| Indoor Use   | Yes          |
| Raceway Type | Double       |
| Brake Type   | Total Lock   |
| Attachments  | Swivel Plate |

Construction

|                  |       |
|------------------|-------|
| Housing Material | Steel |
|------------------|-------|

Weights

|                        |       |
|------------------------|-------|
| Product Weight (grams) | 2777  |
| Product Weight (kg)    | 2.777 |

Dimensions

|                   |     |
|-------------------|-----|
| Product Length mm | 228 |
| Product Width mm  | 110 |
| Product Height mm | 189 |
