

Description

COLSON J3 Series Castors are engineered with steel housings and a double raceway design that promotes smooth mobility and efficient load distribution. They incorporate a sturdy retaining plate to secure the assembly during movement and support precise handling. Trade professionals benefit from their robust construction and reliable performance, which facilitate routine manoeuvres and enhance overall operational efficiency in various applications.

Features

- Durable steel housing delivers robust performance
- True plate design offers secure mounting
- Double raceway ensures smooth directional movement
- Precision engineering provides dependable operation
- Sturdy castors maintain reliable directional stability
- Engineered to support demanding load applications
- Designed for easy integration within equipment assemblies
- COLSON quality ensures lasting performance and durability

Product Code: J32TZ-MR6R200

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Brake Type	Total Lock
Attachments	Swivel Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	3349
Product Weight (kg)	3.349

Dimensions

Product Length mm	261
Product Width mm	110
Product Height mm	240
