

Product Code: J33AZ-IR2R150

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Roller Bearing
Raceway Type	Double
Attachments	Fixed Plate

Appearance

Product Colour	Black/Silver
----------------	--------------

Construction

Wheel Material	Cast Iron
Housing Material	Steel
Bearing Material	Steel

Description

Colson 150mm Cast Iron Fixed Plate J3 Series Castor 410kg offers a reliable solution for trade professionals requiring robust movement support. The cast iron wheel pairs with a steel housing and steel roller bearing to provide durability and smooth operation. Its double raceway design and fixed plate assembly ensure consistent performance and load stability. The J3 Series Castor is engineered to deliver precise manoeuvrability and sustained load capacity for demanding applications.

Features

- Robust cast iron wheel with high wear resistance
- Steel housing provides exceptional structural integrity
- High performance roller bearings enhance smooth movement
- Double raceway design improves load distribution
- Fixed plate design ensures secure mounting
- Black silver finish offers a sleek professional appearance
- 150mm wheel diameter accommodates various load scenarios
- Engineered components deliver reliable performance

Weights

Product Weight (grams)	3267
Product Weight (kg)	3.267
Load Capacity kg	410.0

Dimensions

Product Length mm	150
Product Width mm	110
Product Height mm	189
Wheel Diameter	150
Tread Width mm	51
Mounting Hole Dimensions mm	17x11
Hole Centre Dimensions mm	105X80
Plate Dimensions mm	135X110
