

Description

COLSON is the website name for the J3 Series Castors featuring a robust steel housing and an integrated plate design. Engineered with a double raceway system, the castors facilitate smooth, efficient movement and precise load distribution across various applications. The product offers reliable handling and durability, optimising performance and structural integrity to support the practical requirements of trade professionals in dynamic operation settings.

Features

- Robust steel housing ensures long-lasting castor durability
- COLSON precision design offers reliable manoeuvrability
- Integrated mounting plate supports efficient installation
- Double raceway reduces friction and enhances stability
- Engineered for smooth movement and precise positioning
- Integrated design minimises maintenance for increased operational uptime
- Heavy-duty construction copes with demanding loads
- Manufactured with precision to support reliable daily performance

Product Code: J33AZ-MR6R100

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Attachments	Fixed Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	1511
Product Weight (kg)	1.511

Dimensions

Product Length mm	135
Product Width mm	110
Product Height mm	142
