

Description

COLSON J3 Series Castors feature a robust steel housing and integrated mounting plate, paired with a double raceway that supports smooth directional movement. Designed for professionals in trade and industry, these castors provide reliable and precise handling for a wide range of applications. Constructed with a focus on structural integrity and manoeuvrability, they offer dependable performance and efficiency in rigorous operational settings.

Features

- Premium steel housing offers long lasting durability
- True plate design allows robust and precise mounting
- Double raceway supports stable motion and control
- Engineered for consistent performance under demanding tasks
- COLSON quality ensures dependable castor reliability
- Robust construction withstands frequent and rigorous movement
- Precision machining provides smooth rotational action
- Designed to integrate with modern equipment systems

Product Code: J33AZ-MR6R150

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Attachments	Fixed Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	1862
Product Weight (kg)	1.862

Dimensions

Product Length mm	153
Product Width mm	110
Product Height mm	189
