

Description

COLSON is the provider of J3 Series Castors featuring a robust steel housing and a double raceway design that ensures smooth rotation on varied surfaces. The design incorporates a secure plate foundation to enhance operational stability in demanding settings. Industrial and trade professionals can rely on its practical construction and precise engineering to support efficient material handling and transport while benefiting from clear technical advantages in everyday applications.

Features

- Steel housing provides robust construction for demanding applications
- J3 series engineering supports smooth, precise movement
- Integrated plate ensures secure attachment on various surfaces
- Double raceway design enhances load distribution
- Engineered for reliable performance in demanding tasks
- High-quality finish resists wear and tear
- Precision engineering ensures smooth caster rotation
- Colson brand quality trusted by trade professionals

Product Code: J33AZ-MR6R200

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Raceway Type	Double
Attachments	Fixed Plate

Construction

Housing Material	Steel
------------------	-------

Weights

Product Weight (grams)	2313
Product Weight (kg)	2.313

Dimensions

Product Length mm	204
Product Width mm	110
Product Height mm	240
