Description

Colson 100mm Urethane on Cast Iron Fixed Plate J3 Series Castor 320kg is designed with a cast iron wheel core, red urethane wheel and steel housing that delivers reliable performance. Its double ball bearing and double raceway provide smooth and consistent mobility under varied loading requirements. The fixed plate design ensures secure mounting and durability for efficient material handling in demanding trade and industrial applications.

Features

- 100mm red urethane wheel provides durable rolling performance
- Cast iron wheel core ensures strong structural integrity
- Steel housing and bearings guarantee reliable movement
- Double ball bearings with double raceway reduce operational friction
- Fixed plate design offers secure mounting for machinery
- Load capacity rated at 320kg accommodates heavy usage
- Robust steel construction promotes long-lasting durability
- Colson engineering supports precise control and performance
