

Product Code: J72TZ85K150

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Bearing Type	Plain Bearing
Raceway Type	Single
Attachments	Plate Rigid

Appearance

Product Colour	Red/Black/Silver
----------------	------------------

Construction

Wheel Core Material	Cast Iron
Wheel Material	Polyurethane
Housing Material	Steel
Bearing Material	Steel

Description

Easyroll 150mm Urethane Cast Iron Swivel Plate J7 Series Castor 600kg offers a robust design with a cast iron wheel core, polyurethane wheel and a steel housing for precise load handling and secure manoeuvring. Its plain bearing and single raceway system provide reliable performance in material movement tasks for trade professionals. The product includes a plate rigid attachment with a plate mount fitting to ensure stability and accurate manoeuvrability in demanding work settings.

Features

- Durable cast iron wheel core built for long-lasting performance
- Polyurethane wheel delivers smooth handling across various surfaces
- Steel housing and bearings offer robust support in operation
- Fixed plate mount ensures precise fitting during installation
- 150mm wheel size with a 600kg load capacity rating
- Single raceway design maximises stability on tilt and pivot
- Versatile red, black and silver finish enhances visual appeal
- Swivel mechanism offers controlled movement with plain bearing system
