

Description

Precision Brand Rectangle Key Steel 10x12mm Metric Steel provides a robust, gold-hued key designed for mechanical assemblies requiring a metric, reliable component. Engineered from C1020 to C1045 steel, it offers durability and precise performance. The unit includes hardware and is developed for indoor applications, ensuring practical integration in various trade projects. Its design delivers accurate and efficient solutions for professionals in mechanical assemblies and trade tasks.

Features

- Crafted from quality C1020 to C1045 steel for durability
- Gold finish offers a distinctive appearance
- Precision design with consistent metric dimensions delivered
- Robust hardware integration ensures secure key operation
- Rectangular design allows precise fitting and key alignment
- Suitable for indoor use with consistent performance
- Precision Brand construction delivers reliable key fabrication
- Metric measurement simplifies integration within existing systems

Product Code: KS10X12MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	290
Product Weight (kg)	0.29

Dimensions

Product Height (mm)	12
Product Width (mm)	10
Product Length (mm)	300

Specifications

Unit of Measure	Metric
