

Description

Precision Brand Rectangle Key Steel 12x20mm Metric Steel is a robust component crafted from C1020 to C1045 steel and finished in gold. It is designed to deliver consistent performance and precise measurements for technical applications. The product includes essential hardware and adheres to metric standards, providing trades professionals with a dependable tool for accurate assembly and secure engagement in detailed construction tasks. Its practicality and adherence to strict specifications support quality and reliable outcomes.

Features

- Gold coated finish enhances durability and appearance
- Made from reliable C1020 to C1045 steel
- Engineered for indoor performance
- Includes essential hardware for easy installation
- Metric sizing ensures a precise fit
- Built with precision brand reliability
- Robust construction supports everyday performance
- Precision machining delivers accurate, uniform design

Product Code: KS12X20MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
