

Description

Precision Brand Rectangle Key Steel 14x22mm Metric Steel is engineered for precision component assembly and alignment. Constructed from C1020 to C1045 steel with a gold finish, this key steel delivers accurate metric measurements and reliable performance. The product includes robust hardware to support secure, efficient operation in technical setups. Its consistent quality and exact dimensions assist professionals in achieving effective outcomes in machining, assembly, and various trade-related applications.

Features

- Precision Brand key steel made from C1020 to C1045 steel
- Gold finish provides a distinctive, high-visibility appearance
- Metric dimensions enable precise component interfacing
- Includes complete hardware for secure and straightforward installation
- Rectangular profile offers reliable key engagement
- Precision engineering ensures consistent operation and compatibility
- Designed for indoor use with refined construction
- Metric steel design meets demanding technical specifications

Product Code: KS14X22MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	745
Product Weight (kg)	0.745

Dimensions

Product Height (mm)	22
Product Width (mm)	14
Product Length (mm)	300

Specifications

Unit of Measure	Metric
