

Precision Brand Square Key Steel 16x16mm Metric Steel

Description

Precision Brand Square Key Steel 16x16mm Metric Steel is produced using C1020 to C1045 Steel with a gold finish for optimal durability and precise engineering. The key steel offers consistent performance for securing connections in construction and repair tasks, with included hardware for straightforward assembly. Its metric design supports international standards and provides a reliable component for professionals requiring dependable and technically refined steel solutions.

Features

- Manufactured using high-quality C1020 to C1045 steel
- Gold finish provides a distinct, appealing appearance
- Square 16x16mm design offers uniform, secure fit
- Hardware components included for comprehensive key system installation
- Engineered for precise key performance and dependable durability
- Constructed with metric precision and consistent quality
- Designed for indoor applications with dependable operation
- Ensures lasting performance throughout extended service life

Product Code: KS16X16MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	620
Product Weight (kg)	0.62

Dimensions

Product Height (mm)	16
Product Width (mm)	16
Product Length (mm)	300

Specifications

Unit of Measure	Metric
