

Description

Precision Brand Rectangle Key Steel 16x28mm Metric Steel is engineered from high-quality C1020 to C1045 steel, providing precise keying solutions for positioning and securing components. The product features a gold finish that improves visibility while ensuring consistent durability under typical indoor conditions. With complete hardware included, it supports accurate assembly tasks using metric measurements, offering reliable performance and ease of use for trade professionals in various technical applications.

Features

- Crafted from C1020 to C1045 quality steel
- Gold finish adds refined professional appearance
- Engineered for precision performance in everyday applications
- Includes all hardware for secure installation
- Metric dimensions support technical accuracy
- Rated for indoor use with robust build
- Precision Brand guarantees consistent quality and workmanship
- Designed for practical efficiency in everyday tasks

Product Code: KS16X28MM
