

Description

Precision Brand Square Key Steel 5x5mm Metric Stainless Steel is a robust key steel designed for precise applications within a range of professional settings. It features high-quality 303/304 stainless steel construction with a silver appearance and includes necessary hardware for secure assemblies. The product supports installation and maintenance tasks, delivering consistent performance and reliability for trade professionals seeking practical, durable components.

Features

- Made from robust 303/304 stainless steel
- Square profile provides secure keying for mechanical assemblies
- Polished silver finish offers visual clarity and consistency
- Includes essential hardware for quick installation
- Metric sizing supports precise measurement compatibility
- Engineered for durability during continuous use
- Precision-crafted for exact fit and performance
- Robust design withstands wear over regular operation

Product Code: KS5X5MMSS

Specifications

Outdoor Use	No
Indoor Use	Yes
