

Description

Precision Brand Rectangle Key Steel 5x8mm Metric Steel is constructed from C1020 to C1045 steel to provide reliable performance in applications requiring precision key components. Its gold colour contributes to a consistent finish and the complete hardware set ensures robust assembly of internal components. The technical design supports accurate fitting and secure engagement, offering practical efficiency for professionals in industrial and trade sectors. This key steel delivers dependable functionality in complex assembly tasks.

Features

- Made from durable C1020 to C1045 steel
- Gold finish provides a professional contemporary look
- Standard metric dimensions ensure precise, repeatable application fit
- Integrated hardware supports secure fixing and installation
- Precision manufacture reduces errors in complex installation tasks
- Precision design ensures compatibility with diverse applications
- Consistent quality from PRECISION BRAND reinforces trusted performance
- Designed according to metric sizing for accurate application

Product Code: KS5X8MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	100
Product Weight (kg)	0.1

Dimensions

Product Height (mm)	8
Product Width (mm)	5
Product Length (mm)	300

Specifications

Unit of Measure	Metric
