

Description

Precision Brand Rectangle Key Steel 6x10mm Metric Steel is crafted from C1020 to C1045 steel, ensuring precise keying and reliable alignment for essential assembly and maintenance applications. It offers a robust and consistent performance, enhanced by the inclusion of hardware and metric measurements. Designed for use by trade professionals, it delivers practical and technically sound attributes for various precision tasks.

Features

- C1020 to C1045 steel for consistent mechanical reliability
- Gold finishing ensures clear identification and quality finish
- Metric measurements for precise alignment in technical applications
- Rectangular design complements various assembly requirements
- Key steel construction for reliable mechanical interfacing
- Durable hardware integrated for full installation set
- Precision BRAND engineering enhances user installation efficiency
- Hardware included for simplified integration and secure fixation

Product Code: KS6X10MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	145
Product Weight (kg)	0.145

Dimensions

Product Height (mm)	10
Product Width (mm)	6
Product Length (mm)	300

Specifications

Unit of Measure	Metric
