

Description

Precision Brand Rectangle Key Steel 6x14mm Metric Steel is a practical key steel product manufactured from C1020 to C1045 steel with a gold finish. It is designed to deliver consistent performance in precise keying applications for professionals in technical fields. The product features internally included hardware and accurate metric measurements that ensure compatibility with standard systems. Its construction and measured specifications offer a reliable solution for intricate component assemblies.

Features

- Manufactured from high-quality C1020 to C1045 steel
- Gold finish offers clear visual identification and corrosion control
- Precisely machined for optimal fit and reliable durability
- Hardware integration simplifies installation and routine maintenance
- Compact dimensions suit metric measurement systems
- Engineered for precise operation under demanding circumstances
- Consistent measurements deliver reliable performance every use
- Standard 6x14mm size ensures straightforward replacement and compatibility

Product Code: KS6X14MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	205
Product Weight (kg)	0.205

Dimensions

Product Height (mm)	14
Product Width (mm)	6
Product Length (mm)	300

Specifications

Unit of Measure	Metric
