

Description

Precision Brand Square Key Steel 6x6mm Metric Steel is manufactured from C1020 to C1045 steel with a gold finish and is designed for precise mechanical operations. Its square design ensures accurate fits and includes compatible hardware, while metric measurements provide clarity for installation. Trade and industrial professionals benefit from its technical specifications and reliability in equipment maintenance and repair tasks.

Features

- Manufactured from C1020 to C1045 steel
- Precision Brand metric dimensions ensure accurate component fit
- Gold finish highlights key steel's distinctive identification
- Square design provides stable connection in assemblies
- Hardware included enables simple, straightforward installation
- Consistent craftsmanship ensures reliability across metric specifications
- Compact 6x6 mm size supports precise, measured component fitting
- Ideal design supports efficiency in technical applications

Product Code: KS6X6MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	90
Product Weight (kg)	0.09

Dimensions

Product Height (mm)	6
Product Width (mm)	6
Product Length (mm)	300

Specifications

Unit of Measure	Metric
