

Description

Precision Brand Square Key Steel 6x6mm Metric Steel is constructed from 303/304 stainless steel and finished in silver. The key steel serves practical applications in machinery repair and maintenance, providing precise alignment and reliable functionality. Its design and included hardware simplify installation and support routine servicing, making it a useful component for professionals in trade and technical roles.

Features

- Made with 303/304 stainless steel for lasting performance
- Precision machined key square design for enhanced engagement
- Finely finished silver surface for clear key identification
- Engineered for secure fit in metric systems
- Includes hardware for complete assembly and installation
- Compact key size suitable for precision fitting in components
- Designed to integrate with various mechanical assemblies
- For indoor use with reliable alignment in mechanisms

Product Code: KS6X6MMSS

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Silver
----------------	--------

Construction

Product Material 1	303/304 Stainless Steel
--------------------	-------------------------

Weights

Product Weight (grams)	90
Product Weight (kg)	0.09

Dimensions

Product Height (mm)	6
Product Width (mm)	6
Product Length (mm)	300

Specifications

Unit of Measure	Metric
