

Description

Precision Brand Square Key Steel 7x7mm Metric Steel is precision-manufactured using C1020 to C1045 steel and presented in an appealing gold finish. It is designed for internal applications, offering dependable performance for fixing and aligning components in maintenance and assembly processes. The included hardware and metric measurements ensure exact compatibility and ease of use for trade professionals who value straightforward, reliable solutions.

Features

- Fabricated using C1020 to C1045 steel
- Gold finish gives a professional visual appeal
- Engineered for precise performance and reliable operation
- Designed for secure engagement in metric applications
- Innovative design promotes compatibility with diverse lock configurations
- Pre-assembled hardware simplifies installation and maintenance
- Compact design at 7x7mm for precise lock engagement
- Manufactured to tight tolerances for reliable metric performance

Product Code: KS7X7MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	120
Product Weight (kg)	0.12

Dimensions

Product Height (mm)	7
Product Width (mm)	7
Product Length (mm)	300

Specifications

Unit of Measure	Metric
