

Description

Precision Brand Rectangle Key Steel 7x8mm Metric Steel is a durable key steel manufactured using C1020 to C1045 steel with a gold finish. Designed for precise alignment tasks, it supports reliable keying in machinery and equipment. Trade professionals benefit from its accurate measurements, ensuring effective performance in maintenance, repair, and technical applications. Supplied with the necessary hardware, this key steel optimises practical use in a metric format for indoor environments.

Features

- Crafted from premium C1020 to C1045 steel
- Precision Brand quality with proven reliability
- Durable key construction for dependable manual operations
- Gold finish enhances component traceability and identification
- Built for indoor use with even load distribution
- Hardware integrated with precision crafted key design
- Metric measurements ensure consistent technical specifications
- Engineered for reliable performance and precise key engagement

Product Code: KS7X8MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	140
Product Weight (kg)	0.14

Dimensions

Product Height (mm)	8
Product Width (mm)	7
Product Length (mm)	300

Specifications

Unit of Measure	Metric
