

Description

Precision Brand Rectangle Key Steel 8x10mm Metric Steel is manufactured from C1020 to C1045 steel and features a gold finish for indoor applications. This product includes integrated hardware designed for secure fitting and proper alignment in technical assemblies. Its precision design and reliable construction support accurate and repeatable results in various applications, offering trade professionals a robust solution for essential component tasks in controlled settings.

Features

- High-grade C1020 to C1045 steel used in precision manufacturing
- Gold finish provides a distinctive uniform appealing appearance
- Dimensions specified using metric measurements ensuring accurate fitments
- Designed for indoor applications with robust construction
- Hardware components included to enhance installation efficiency
- Precision engineered for reliable performance and long service life
- Consistent quality control ensures accurate fit and finish
- Precision Brand manufacturing guarantees dependable steel key performance

Product Code: KS8X10MM

Specifications

Outdoor Use	No
Indoor Use	Yes

Appearance

Product Colour	Gold
----------------	------

Construction

Product Material 1	C1020 to C1045 Steel
--------------------	----------------------

Weights

Product Weight (grams)	195
Product Weight (kg)	0.195

Dimensions

Product Height (mm)	10
Product Width (mm)	8
Product Length (mm)	300

Specifications

Unit of Measure	Metric
