Carinya 25 x 25 x 40 x 2mm Galvanised Angle Make-A-Bracket

BRACKET DIMENSIONS

Description

Carinya 25 x 25 x 40 x 2mm Galvanised Angle Make-A-Bracket is a precision-engineered component made from galvanised steel with a zinc-plated finish. It provides a dependable bracket solution designed for accurate and repeatable assembly in various technical applications. Constructed with clear dimensions and robust construction, it offers the necessary support and stability for assembling frameworks in construction and engineering projects, ensuring structural integrity and consistency in professional assemblies.

Features

- Galvanised steel material provides strength and longevity
- Zinc plated finish enhances corrosion resistance
- Compact 25x25x40x2mm dimensions for intricate bracket mounting
- Square angle profile offers reliable connection
- Precision design ensures accurate alignment during assembly
- Manufactured with robust build for demanding installations
- Versatile mounting adapts to various structural configurations
- Engineered for secure bracket fixing in tight spaces

Product Code: MA0013

Dimensions

Product Length (mm)	26
Product Width (mm)	26
Product Height (mm)	40
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
