Carinya 50 x 50 x 20 x 2mm Galvanised Angle Make-A-Bracket

BRACKET DIMENSIONS

Description

Carinya 50 x 50 x 20 x 2mm Galvanised Angle Make-A-Bracket is a functional bracket designed for use in structural framing and precise support applications. The bracket is manufactured from galvanised steel with a zinc-plated finish, providing durability and resistance under regular wear. Its design supports accurate alignment and secure fixings in various trade and industrial settings, offering practical value in repair, enhancement, and routine maintenance projects.

Features

- Galvanised steel construction enhances durability
- Zinc-plated finish reduces corrosion risk
- Precision engineered brackets ensure reliable connection
- 50x50 profile and 20x2 mm flange ensure precise integration
- Structural design provides robust load-bearing capacity
- Engineered with quality materials and expert craftsmanship
- Easy integration with standard framework configurations
- Compact structure supports secure corner reinforcement

Product Code: MA0017

Dimensions

Product Length (mm)	51
Product Width (mm)	51
Product Height (mm)	20
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
