Carinya 150 x 50 x 40 x 2mm Galvanised Angle Make-A-Bracket

Description

Carinya 150 x 50 x 40 x 2mm Galvanised Angle Make-A-Bracket is a precision engineered bracket manufactured from galvanised steel with a zinc-plated finish. It is designed to offer secure and accurate mounting for structural connections in various assemblies. Its robust construction supports reliable framework installations, ensuring a practical and time-efficient joining solution for trade professionals handling diverse fabrication and construction projects.

Features

- Precise dimensions of 150 x 50 x 40 x 2mm
- Galvanised steel construction offers robust reliable performance
- Zinc-plated coating provides long-lasting corrosion resistance
- Efficient angle bracket design supports structural stability
- Precise manufacturing delivers consistent dimensions and fit
- Versatile bracket design for multiple construction applications
- Simplifies installation with accurate pre-cut measurements
- Engineered for consistent load distribution under demanding conditions

Product Code: MA0020

Dimensions

Product Length (mm)	152
Product Width (mm)	52
Product Height (mm)	40
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
