Carinya 100 x 100 x 40 x 2mm Galvanised Angle Make-A-Bracket

BRACKET DIMENSIONS

Description

Carinya 100 x 100 x 40 x 2mm Galvanised Angle Make-A-Bracket is a precision-engineered component constructed from galvanised steel with a zinc-plated finish. It is designed for secure angular support and effective load dispersion in various applications. The bracket offers reliable structural stability and straightforward installation, making it a practical choice for professionals who require dependable mounting solutions in trade and construction projects. Its robust build ensures consistent performance and durability.

Features

- Zinc plated finish resists corrosion and maintains attractive appearance
- Galvanised steel construction provides rigid, robust performance
- Compact 100x100x40x2mm design for efficient space utilisation
- Precise angle shape provides secure mounting and reliable support
- Carinya engineering delivers trusted quality and performance
- Durable bracket enhances structural integrity for secure fixture
- Sleek zinc plated surface simplifies future maintenance requirements
- Engineered dimensions ensure precise, repeatable installation

Product Code: MA0029

Dimensions

Product Length (mm)	102
Product Width (mm)	102
Product Height (mm)	40
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
