Carinya 40 x 40 x 200 x 1mm Galvanised Angle Make-A-Bracket

BRACKET DIMENSIONS

Description

Carinya 40 x 40 x 200 x 1mm Galvanised Angle Make-A-Bracket is constructed of galvanised steel with a zinc-plated finish for enhanced durability. It is designed for precise load distribution and secure assemblies in technical applications. Industrial and trade professionals benefit from its reliable performance, accurate dimensions and ease of installation, which support efficient structural design in various practical projects.

Features

- Precision engineered for superior performance in demanding installations
- Robust galvanised steel construction ensures reliable structural support
- Zinc plated finish offers long lasting corrosion resistance
- Compact dimensions allow versatile applications within metal frameworks
- Engineered for precise alignment in assembly tasks
- Optimised bracket geometry improves load transfer distribution
- Designed for easy installation and secure mounting
- Carinya quality delivers dependable and durable product performance

Product Code: MABA2441

Dimensions

Product Length (mm)	40
Product Width (mm)	40
Product Height (mm)	200
Product Thickness (mm)	1
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
