Carinya 40 x 40 x 600 x 1mm Galvanised Angle Make-A-Bracket

Description

Carinya 40 x 40 x 600 x 1mm Galvanised Angle Make-A-Bracket is a robust bracket constructed from galvanised steel with a zinc-plated finish. It is designed to provide effective support and stability in a range of applications for industrial and trade professionals. The bracket features precise measurements and reliable quality, ensuring optimal performance during installation and routine use. Its straightforward design facilitates practical implementation and delivers dependable strength and durability for technical projects.

Features

- Galvanised steel provides long-lasting structural durability
- Zinc-plated finish protects against corrosion
- Precision angle design ensures secure bracket fitting
- Uniform dimensions support accurate installation
- Robust construction withstands heavy load demands
- Engineered strength supports long-term performance
- Simplifies alignment and assembly on projects requiring precision
- Carinya quality ensures dependable bracket installation

Product Code: MABA6441

Dimensions

Product Length (mm)	40
Product Width (mm)	40
Product Height (mm)	600
Product Thickness (mm)	1
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
