

BRACKET DIMENSIONS

Description

Carinya 20 x 200 x 2mm Galvanised Flat Plate Make-A-Bracket is designed for precise bracket fabrication and secure fixing. Manufactured from galvanised steel with a zinc-plated finish, it delivers consistent structural stability and enhanced durability. Its dimensions facilitate standardised attachment methods, making it a practical solution for trade professionals seeking reliable hardware for accurate assembly and support within various construction and maintenance tasks.

Features

- Zinc-plated finish provides enhanced corrosion resistance
- Fabricated from robust galvanised steel for strength
- Straightforward flat plate design supports diverse mounting applications
- Dimensions allow adaptable bracket configurations for custom setups
- Reliable construction ensures secure and stable installations
- Engineered for precision in technical projects
- Direct bracket design minimises installation complexity
- Carinya quality delivers enduring structural support

Product Code: MABF2022

Dimensions

Product Length (mm)	201
Product Width (mm)	20
Product Height (mm)	2
Product Thickness (mm)	2
Diameter of Fixing Holes (mm)	5

Appearance

Product Colour	Zinc Plated
----------------	-------------

Construction

Product Material 1	Galvanised Steel
--------------------	------------------

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
