

Product Code: MABF2101

Description

Carinya 200 x 100 x 1mm Galvanised Flat Plate Make-A-Bracket offers a robust angle bracket solution constructed from galvanised steel with a zinc-plated finish. It is engineered for precise assembly tasks, providing strong support and reliable fastening for trade professionals in various applications. Its uniform dimensions and engineered strength facilitate accurate fitting and secure installations, making it a practical choice for professionals who require dependable and technically sound fabrication components.

Features

- Carinya quality angle bracket offers robust structural support
- Zinc-plated finish resists corrosion in demanding conditions
- Constructed of galvanised steel for enhanced durability
- Standard dimensions 200 x 100 x 1mm provide precise fit
- Simple design allows straightforward installation
- Engineered for secure stable load bearing performance
- Precision engineering delivers accurate bracket alignment
- Durable galvanised steel withstands rigorous loads and impacts
