

Carinya 100 x 100 x 25 x 1mm Galvanised L-Shape Make-A- Bracket

Description

Carinya 100 x 100 x 25 x 1mm Galvanised L-Shape Make-A-Bracket is designed for secure fixture connections in various applications. It is crafted from galvanised steel with a zinc-plated finish, offering durability and resistance to corrosion. Its precise dimensions ensure consistent performance and easy integration into assembly systems. The bracket provides reliable support and alignment, making it a practical choice for professionals seeking efficiency in construction and maintenance tasks.

Features

- Solid galvanised steel construction ensures lasting strength
- Zinc-plated finish guards against corrosion
- L-shaped design offers versatile structural support
- Precise 100x100x25x1mm dimensions enhance installation accuracy
- Engineered for robust load bearing
- Simple design speeds up fabrication process
- Reliable performance in demanding projects
- Carinya quality delivers practical bracket solutions
