

Description

Metal Mate 0.5 x 300 x 900mm Stucco Aluminium Sheet is a flat sheet manufactured from aluminium with a silver finish. It offers consistent dimensions ideal for precise fabrication and installation in various trade applications. Designed to support efficient workflow, this product provides technical advantages through its secure, accurate construction, ensuring reliable performance during assembly and finishing tasks. Its simple, durable design meets essential requirements for professionals seeking quality materials and controlled specifications.

Features

- Lightweight flat aluminium sheet in silver finish with stucco texture
- Precise dimensions measuring 0.5x300x900mm ensure accurate fit
- Durable aluminium construction provides reliable performance over time
- Flat profile supports easy installation and versatile application
- Stucco finish adds texture and improved grip during handling
- Uniform silver colour enhances aesthetic appearance without extra processing
- Engineered to strict dimensions for consistent quality and output
- Dedicated Metal Mate quality assures reliable material consistency
