Carinya 350 x 125 x 5mm Galvanised Mending Plate Bracket

BRACKET DIMENSIONS

Description

Carinya 350 x 125 x 5mm Galvanised Mending Plate Bracket is a robust solution manufactured with galvanised steel and hot dipped galvanised finish. It is designed for secure structural repairs and precise alignment, offering clear technical advantages for reliable maintenance. This product benefits industrial and trade professionals by providing straightforward installation and dependable performance for a range of quality repair tasks.

Features

- Constructed from durable hot dipped galvanised steel
- Designed for secure structural load distribution
- Precision engineered for straightforward installation
- Compact dimensions support versatile repair applications
- Robust design delivers reliable performance
- Engineered for precise technical requirements
- Galvanised finish provides corrosion resistance
- Trusted Carinya quality supports dependable performance

Product Code: MPG350

Dimensions

Product Length (mm)	351
Product Width (mm)	125
Product Height (mm)	5
Product Thickness (mm)	5
Diameter of Fixing Holes (mm)	12.6

Appearance

Product Colour	Hot Dipped Galvanised

Construction

Product Material 1	Galvanised Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
