

Description

SIT Steel Crimped End Brush 10mm x M6 is a precision-engineered cleaning tool constructed from durable steel with a crimped wire design that withstands speeds up to 20,000 RPM. It is intended for practical cleaning and maintenance tasks, efficiently removing scale and debris. Its silver finish and verified performance in both indoor and outdoor settings offer considerable value to industrial and trade professionals.

Features

- High RPM rating up to 20000 for increased productivity
- Manufactured from corrosion resistant steel for reliability
- Agitates surface contaminants with crimped wire structure
- Adaptable design performs in indoor and outdoor applications
- Silver finish provides improved visibility during operation
- Crimped wire design optimises cleaning efficiency
- Precision engineered brush ends guarantee consistent performance
- Built for high speed operation and minimal vibration

Product Code: P10

Specifications

Outdoor Use	Yes
Indoor Use	Yes
Hardware Included	No
Max RPM	20000
Wire Style	Crimped Wire

Appearance

Product Colour	Silver
