

Product Code: P61AP74K125

Specifications

Outdoor Use	No
Indoor Use	Yes
Bearing Type	Precision Bearing
Raceway Type	Single
Fitting Type	Bolt Hole

Appearance

Product Colour	Grey
----------------	------

Construction

Wheel Core Material	Polypropylene
Wheel Material	Rubber
Housing Material	Polyamide 6
Bearing Material	Steel

Description

Colson 125mm Bolt Hole Swivel P6 Series Castor 100kg is a well-engineered castor suited for applications requiring reliable manoeuvrability in controlled indoor settings. The design features a polypropylene wheel core and durable rubber wheel that provides smooth movement. Constructed with a robust polyamide 6 housing and precision steel bearings, it offers controlled rotation and stability, supporting a load capacity of 100kg. Its bolt hole fitting allows for secure integration with various platforms in industrial and trade environments.

Features

- Precision bearings support smooth swivel movement
- Rubber wheel provides reliable floor protection
- Polyamide housing offers enhanced structural integrity
- Steel bearings deliver accurate rotational performance
- Single raceway optimises caster stability
- Bolt hole fitting simplifies secure caster installation
- Intended for indoor use with precise manoeuvring
- 125mm wheel diameter supports 100kg load capacity

Dimensions

Product Length mm	460
Product Width mm	440
Product Height mm	134
Wheel Diameter	125
Tread Width mm	32
Finish Height mm	162
