

Description

Carinya 50 x 50 x 20mm Zinc Angle Bracket is a pressed sheet metal angle bracket with a zinc plated finish that provides excellent corrosion resistance. It offers a secure mounting solution for metal frameworks and fabrication projects, delivering stability and precision in assembly. Trade professionals benefit from its practical design and robust construction, supporting reliable performance in a range of commercial and technical applications.

Features

- Pressed sheet metal construction ensures strong component reliability
- Zinc plated finish provides corrosion protection
- Precision engineered for consistent performance
- Designed with secure mounting for dependable fixing
- Provides robust corner support in construction applications
- Compact 50 x 50 x 20mm dimensions ease integration
- Simple design aids quick and secure installation
- Carinya quality assures dependable precise angle bracket performance
