Carinya 20x20mm Zinc Plated Reinforcing Angle Bracket

BRACKET DIMENSIONS

Description

Carinya 80 x 20mm Zinc Plated Reinforcing Angle Bracket is a steel bracket with a zinc-plated finish, designed to offer robust reinforcement for precise applications. It facilitates accurate load distribution and adds stability to assembled structures in professional trades. Its engineered design prioritises efficient installation and consistent performance, providing a practical solution that supports the technical requirements of construction and repair projects.

Features

- Constructed from robust steel for lasting performance
- Zinc plated finish increases corrosion resistance
- Precision engineered for secure bracket applications
- Simple integration into various structural configurations
- 80 x 20mm dimensions suit multiple reinforcement needs
- Ensures reliable load distribution and stability
- Suitable for precise mounting on support structures
- Carinya quality delivers dependable performance every time

Product Code: RAB020

Dimensions

Product Length (mm)	20
Product Width (mm)	20
Product Height (mm)	15.5
Product Thickness (mm)	1.5
Diameter of Fixing Holes (mm)	4.8

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
