Carinya 30 x 17mm Zinc Plated Reinforcing Angle Bracket

Description

Carinya 30 x 17mm Zinc Plated Reinforcing Angle Bracket is constructed from SS400 Stell and features a zinc-plated finish that enhances its durability. It is designed to provide secure and precise connection points for structural applications, ensuring consistent support in various assembly projects. The bracket offers practical solutions for load distribution and reliable fixing, making it a useful component for trade professionals involved in design, construction and maintenance tasks.

Features

- Manufactured from SS400 steel for robust structural reinforcement
- Zinc plated finish offers durable corrosion resistance
- Precision cut with accurate 30 x 17mm dimensions
- Reinforcing angle bracket designed for secure support
- Robust engineering ensures reliable load distribution
- Suitable for various joining and reinforcement applications
- Manufactured with precision for consistent production quality
- Engineered for practical alignment and easy installation

Product Code: RAB030

Dimensions

Product Length (mm)	30
Product Width (mm)	30
Product Height (mm)	17
Product Thickness (mm)	1.8
Diameter of Fixing Holes (mm)	4.5

Appearance

Product Colour	Zinc Plated

Construction

Product Material 1	Steel

Specifications

Outdoor Use	No
Indoor Use	Yes
Hardware Included	No
